1. Education

1. Doctor of Philosophy (PhD), 2017.

University of Thessaly, Dept of Physical Education & Sport Science, *Trikala, Greece.*

PhD Thesis: Physical Activity in Depressed Patients. A Self-Determination Approach.

Supervisors: Professor Antonis Hatzigeorgiadis, Professor Nikos Comoutos Professor Yannis theodorakis

In a sample of adult outpatients with a diagnosis of major depression, I collected data based on the Self-Determination theory to analyse toxic and facilitating factors towards the alleviation of depression and the participation in physical activity.

Data collection for 2 ½ years: Community Mental Health Centre Aeginition, Vryonas-Kaissariani, A' Psychiatric Clinic, National and Kapodistrian University of Athens. A total of 206 outpatients with major depression were evaluated with psychometric tools using SPSS-22 and with triaxial accelerometer devices (GTX-3) using AGTgraph software.

2. Postgraduate Diploma Master of Science (MSc), European Master in Adapted Physical Activity, 2000.

Katholieke Universiteit Leuven, *Dept of Physical Education and Rehabilitation Sciences, Leuven, Belgium.*

Major: Physical Activity and Mental Health – Psychosocial Disorders.

MSc Thesis: Physical Activity, Clinical Depression and Self-esteem in psychiatric patients. Supervisors:: Professor Herman Van Coppenolle kai Dr Peter Van de Vliet.

Data collection for 1½ years: Psychiatric University Hospital Sint-Josef Kortenberg, Kortenberg, Katholieke Universiteit Leuven, Belgium. A total of 48 adult outpatients with psychiatric disorders were referred to the study. Self-report data concerning self-esteem, physical activity and depression were collected and analysed.
